Feather River Sports Pack Scales

Second-guessing the weight of your horse, mule or llama packs can make the bearer uncomfortable and unresponsive due to an unbalanced or overloaded situation. To help minimize fatigue it is recommended to balance the weight of your packs evenly. To quickly obtain the weight of your packs the line of 55 and 100 lb. Pack Scales was developed. These attractive, lightweight scales are simple and easy to use. Each scale is hand calibrated at the factory for accuracy. Competitive scales costing more can be off by as much as 4 pounds! The tattle-tale indicator holds at maximum weight. All Tru-Weight Sports Scales utilize stainless steel for critical components which maintains accuracy over the life of the product. There are many other uses of the Pack Scales such as camping and fishing excursions, home, shop, office and travel. Not legal for trade applications.
